

“Preparing Our Emerging Students For Success In the Work Place”

CAF was created as a partnership between business leaders and educators to help prepare young people for future careers through a combination of school-based curricula and hands on work-based experiences. Businesses in the community meet with educators monthly to plan activities and events that directly involve students and help them to gain the work ethic and skills they need for tomorrow’s workforce.

Students sustain high school career academics in the areas of Business, Finance, Hospitality & Tourism and Information Technology. Through the CAF Foundation students are offered extended hands-on opportunities to experience the workplace today.

Members of this board help and assist in a vast array of ways. Please consider joining forces with CAF and participate in any or just a few of the following activities:

- ❖ Secure and provide internship opportunities
- ❖ Support classroom instruction
- ❖ Strengthen public relations and publicity relative to the programs
- ❖ Assist in fundraising
- ❖ Provide or assist in providing in-kind contributions
- ❖ Assist in evaluating the relevance and effectiveness of the curriculum to meet the needs of the industry
- ❖ Support staff development activities for Teachers and the Directors
- ❖ Guest speak and arrange business visitations
